Updated Information

The purpose of this notice is to advise changes in the Buy/Sell spread.

Effective 1 March 2025, the buy-sell spreads for the Fund will be decreased as follow:

Fund Name	Old (%)			New (%)			Total Change (%)
	Buy	Sell	Total	Buy	Sell	Total	Total
Euree Multi-Asset Balanced Fund	0.25%	0.25%	0.50%	0.20%	0.20%	0.40%	-0.10%

Explaining buy-sell spreads

The buy-sell spread is an additional cost to you and is generally incurred whenever you invest in or withdraw from a fund. The buy-sell spread is retained by the fund (it is not a fee paid to us) and represents a contribution to the transaction costs incurred by the fund such as brokerage and stamp duty, when the fund is purchasing and selling assets.

The buy-sell spread also reflects the market impact of buying and selling the underlying securities in the market. Importantly, the buy-sell spread helps to ensure different unit holders are being treated fairly by attributing the costs of trading securities to those unit holders who are buying and selling units in the fund.

Effective 1 March 2025 the Fund's buy-sell spread will decrease to reflect a reduction in the Fund's transaction costs. As transaction costs may change depending on various factors such as market conditions and brokerage costs, buy-sell spreads may change. You should therefore review current buy-sell spread information before deciding to invest or withdraw from the Fund. For the latest buy-sell spread for the Fund, please refer to the website www.eureeassetmanagement.com; www.oneinvestment.com.au/eureemulti-assetbalancedfund/
