Name	Title
Frank Tearle	Executive Director and Company Secretary
Justin Epstein	Executive Director
Elizabeth Reddy	Non-executive Director
Sarah Wiesener	Company Secretary

Principal Activities

The Fund is a registered managed investment scheme, domiciled in Australia. The Fund was constituted on 25 September 2017, registered as a managed investment scheme on 6 October 2017 and commenced operations on 30 November 2017.

The principal activity of the Fund during the period was to invest in accordance with the provisions of the Fund's Constitution and its most recent Product Disclosure Statement, dated 11 December 2017.

The Fund's investment objective is to provide long term capital growth and outperform the MSCI All Country World Index ("MSCI") net total returns in Australian dollars over rolling five year periods (after fees and expenses but before taxes) by investing in a diversified global portfolio of mid and large capitalisation stocks.

The Fund did not have any employees during the period.

Review of Operations

This is the first financial report and as a result there are no comparatives.

Results

The results of the operations of the Fund are disclosed in the Statement of Profit or Loss and Other Comprehensive Income of these financial statements. The net gain attributable to unitholders for the financial year 30 June 2018 was \$6,277,056.

Distributions

The Fund paid no distribution to unitholders during the financial period from 6 October 2017 to 30 June 2018.

Directors' Report (continued)***Value of Assets and Units Issued***

The following units of the Fund were on issue at financial period end:

	30 June 2018	
	No. of Units	Fair value (\$)
	75,483,135	81,929,108
Total units	75,483,135	81,929,108

Key management personnel of the Responsible Entity and their associated entities did not hold any units in the Fund during the financial period and as at 30 June 2018.

Significant Changes in State of Affairs

There are no significant changes in the state of affairs of the Fund.

Subsequent Events

There has been no matter or circumstance occurring subsequent to the end of the period that has significantly affected, or may significantly affect, the operations of the Fund, the results of those operations, or the state of affairs of the Fund in future financial years.

Likely Developments and Expected Results of Operations

The Fund will be managed in accordance with the Constitution and investment objectives as detailed in its most recent Product Disclosure Statement, dated 11 December 2017, and any public announcements made in respect of the Fund during the interim reporting period.

Environmental Regulation and Performance

The operations of the Fund are not subject to any particular or significant environmental regulation under a law of the Commonwealth or of a State or Territory. There have been no known significant breaches of any other environmental requirements applicable to the Fund.

Indemnification of Directors, Officers and Auditors

During the financial period, the Responsible Entity paid premiums in respect of contracts insuring the directors of the Responsible Entity against a liability incurred as a director or executive officer to the extent permitted by the Corporations Act 2001. The contracts of insurance prohibit disclosure of the nature of the liability and the amount of the premiums.

The Fund has not directly indemnified or insured directors or officers. The Responsible Entity has not otherwise, during or since the end of the financial period, except to the extent permitted by law, indemnified or agreed to indemnify an officer or auditor of the Responsible Entity or of any related body corporate against a liability.

Auditor

Crowe Horwath Sydney was appointed as auditor of the Fund and continues in that office in accordance with Section 327 of the *Corporations Act 2001*.

Directors' Report (continued)

Auditor's Independence Declaration

A copy of the Auditor's Independence Declaration as required under Section 307C of the *Corporations Act 2001* is set out on page 4.

The Directors
One Managed Investment Funds Limited
As the Responsible Entity of Lakehouse Global Growth Fund
Level 11
20 Hunter Street
SYDNEY NSW 2000

Dear Directors

Lakehouse Global Growth Fund

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the Directors of One Managed Investment Funds Limited.

As lead audit partner for the audit of the financial report of Lakehouse Global Growth Fund for the financial period 6 October 2017 to 30 June 2018, I declare that to the best of my knowledge and belief, that there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the audit; and
- (ii) any applicable code of professional conduct in relation to the audit.

Yours sincerely

Crowe Horwath Sydney

Directors' Declaration

In the opinion of the directors of the Responsible Entity:

- (a) The financial statements and notes set out on pages 9 to 27 are in accordance with the *Corporations Act 2001*, including:
- compliance with Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
 - giving a true and fair view of the Fund's financial position as at 30 June 2018 and its performance for the financial period ended on that date.
- (b) There are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable.
- (c) The financial statements are in compliance with International Financial Reporting Standards as issued by the International Accounting Standard Board, as noted in note 3(a).

Signed in accordance with a resolution of the directors of the Responsible Entity.

On behalf of the directors of the Responsible Entity, One Managed Investment Funds Limited.

Independent Auditor's Report to the Unitholders of Lakehouse Global Growth Fund

Opinion

We have audited the financial report of Lakehouse Global Growth Fund (the "Fund"), which comprises the statement of financial position as at 30 June 2018, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the period 6 October 2017 to 30 June 2018, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Fund is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Fund's financial position as at 30 June 2018 and of its financial performance for the period 6 October 2017 to 30 June 2018; and
- (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Directors for the Financial Report

The directors of One Managed Investment Funds Limited as the Responsible Entity of the Fund are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors of the Responsible Entity are responsible for assessing the ability of the Fund to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by those charged with governance.
- Conclude on the appropriateness of those charged with governance's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.

Notes to the Financial Statements

1. General Information

These financial statements cover Lakehouse Global Growth Fund (the "Fund") as an individual entity. The Fund is an Australian registered managed investment scheme, and was constituted on 25 September 2017, registered as a managed investment scheme on 6 October 2017 and commenced operations on 30 November 2017.

The responsible entity of the Fund is One Managed Investment Funds Limited (ABN 47 117 400 987; AFSL 297 042) (the "Responsible Entity"). The Responsible Entity's registered office is Level 11, 20 Hunter Street Sydney NSW 2000.

The Fund typically invests in a high conviction portfolio of 20 to 40 companies with expected long-term growth and with a focus on mid and large capitalisation companies listed in developed markets.

The financial statements were authorised for issue by the directors on the date the Directors' Declaration was signed. The directors of the Responsible Entity have the power to amend and reissue the financial statements.

2. Adoption of New and Revised Accounting Standards**a) Standards and Interpretations in issue but not yet adopted**

At the date of authorisation of the financial statements, the Standards and Interpretations listed below were in issue but not yet effective, and are available for early adoption.

Standard/Interpretation	Effective for annual reporting periods beginning on or after	Expected to be initially applied in the financial year ending
AASB 9 'Financial Instruments', and the relevant amending standards	1 January 2018	30 June 2019
AASB 15 'Revenue from Contracts with Customers'	1 January 2018	30 June 2019
AASB 16 'Leases'	1 January 2019	30 June 2020

The above new standards are not expected to have a major impact on the Fund.

3. Significant accounting policies**a) Statement of Compliance**

These financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards, the Corporations Act 2001, other authoritative pronouncements and interpretations of the Australian Accounting Standards Board and the Fund's Constitution.

Compliance with Australian Accounting Standards, as issued by the AASB, ensures that the financial statements and notes thereto comply with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB"). Consequently, these financial statements have been prepared in accordance with and comply with IFRS as issued by the IASB.

The following significant accounting policies have been adopted in the preparation and presentation of the financial statements, as issued by the IASB. These policies have been consistently applied unless otherwise stated in the following text.

b) Basis of preparation

This general purpose financial report has been prepared on the basis of fair value measurement of assets and liabilities except where otherwise stated. The Fund is a for-profit entity for the purpose of preparing the financial statements.

The Statement of Financial Position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. All balances are expected to be recovered or settled within 12 months, except for investments in financial assets and net assets attributable to unitholders.

Notes to the Financial Statements

3. Significant accounting policies (continued)

b) Basis of preparation (continued)

The Fund manages financial assets at fair value through profit or loss based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. As such, it is expected that a portion of the portfolio will be realised within 12 months. However, an estimate of that amount cannot be determined as at balance date.

In the case of net assets attributable to unitholders, the units are redeemed on demand at the unitholder's option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within 12 months cannot be reliably determined.

All amounts are presented in Australian dollars as the functional and presentational currency of the Fund.

c) Going concern basis

The financial report has been prepared on a going concern basis.

d) Revenue and income recognition

Revenue

Revenue is recognised and measured at the fair value of the consideration received or receivable to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. Changes in fair value of financial assets and liabilities are recognised in profit or loss in the year in which the changes occur.

Distributions

Distributions from investments are recognised when the right to receive the payment is established.

Dividends

Dividend income is recognised on the ex-dividend date.

Interest income

Interest income is recognised on a time proportionate basis taking into account the effective yield on the financial assets.

e) Expenses

All expenses, including the Responsible Entity's fees, are recognised in the Statement of Profit or Loss and Other Comprehensive Income on an accruals basis.

f) Cash and cash equivalents

Cash and cash equivalents comprise cash at banks and cash balances held with brokers.

Notes to the Financial Statements**3. Significant accounting policies (continued)*****g) Investments in financial instruments***

Investments in financial instruments are categorised in accordance with AASB 139 'Financial Instruments: Recognition and Measurement'. This classification is determined by the purpose underpinning the acquisition of the investment. The classification of each financial instrument is re-evaluated at each financial year end.

(i) Classification

The Fund's investments are categorised as at fair value through profit or loss. They comprise financial instruments designated at fair value through profit or loss upon initial recognition. These include financial assets and financial liabilities that are not held for trading purposes and which may be sold. These are investments in equity securities.

Financial assets and financial liabilities designated at fair value through profit or loss at inception are those that are managed and their performance evaluated on a fair value basis in accordance with the Fund's documented investment strategy. The Fund's policy is for the Responsible Entity to evaluate the information about these financial instruments on a fair value basis together with other related financial information.

(ii) Recognition/derecognition

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in fair value of the financial assets or financial liabilities from this date.

Investments are derecognised when the right to receive cash flows from the investments has expired or the Fund has transferred substantially all risks and rewards of ownership.

(iii) Measurement***Financial assets and liabilities held at fair value through profit or loss***

At initial recognition, the Fund measures a financial asset or liability at its fair value. Transaction costs of financial assets and liabilities carried at fair value through profit or loss are expensed in the Statement of Profit or Loss and Other Comprehensive Income.

Subsequent to initial recognition, all financial assets and financial liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the 'financial assets or financial liabilities at fair value through profit or loss' category are presented in the Statement of Profit or Loss and Other Comprehensive Income within net gains/(losses) on financial instruments held at fair value through profit or loss in the period in which they arise.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of financial assets and liabilities traded in active markets is subsequently based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs. The quoted market price used for financial assets and liabilities held by the Fund is the current close price.

The fair value of financial assets and liabilities that are not traded in an active market are determined using valuation techniques. The Fund uses a variety of methods and makes assumptions that are based on market conditions existing at each reporting date. Valuation techniques used include the use of comparable recent arm's length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, option pricing models and other valuation techniques commonly used by market participants making the maximum use of market inputs and relying as little as possible on entity-specific inputs.

Notes to the Financial Statements**3. Significant accounting policies (continued)*****h) Taxation***

Under the current tax legislation, the Fund is not subject to income tax provided that the unitholders are presently entitled to the income of the Fund and that the Fund entirely distributes its taxable income.

There is no taxable income of the Fund to which the unitholders are not currently entitled. Additionally, the Fund's Constitution requires the distribution of the full amount of the net taxable income of the Fund to unitholders each year. As a result, deferred taxes have not been recognised in the financial statements in relation to the differences between carrying amounts of assets and liabilities and their respective tax bases. This includes taxes on capital gains which could arise in the event of a sale of investments for the amount at which they are stated in the financial statements. In the event that the taxable gains are realised by the Fund, these gains would be included in the taxable income and assessable in the hands of the unitholders.

i) Distributions

In accordance with the Fund Constitution, the Fund fully distributes its distributable income, adjusted for amounts determined by the Responsible Entity, to unitholders by cash or reinvestment. The distributions are recognised in the Statement of Profit or Loss and Other Comprehensive Income as finance costs attributable to unitholders.

The Fund aims to make distributions annually within 30 days of the end of June. The Responsible Entity may make additional distributions at its discretion. There may be periods when the Fund does not make a distribution.

j) Foreign currency transactions

The functional and presentation currency for the Fund is Australian dollars. Transactions in foreign currencies are brought to account at the prevailing exchange rates at the date of the transaction. Foreign currency monetary items are translated at the exchange rate existing on reporting date. Non-monetary assets and liabilities carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. The differences arising from these foreign currency translations are recognised in the Statement of Profit or Loss and Other Comprehensive Income in the year in which they arise.

k) Payables

Trade and other payables are recognised when the Fund becomes obliged to make future payments resulting from the purchase of goods and services.

As the Fund has a contractual obligation to distribute its distributable income, a separate distribution payable is recognised in the Statement of Financial Position as at the end of each reporting period where this amount remains unpaid as at the end of the reporting period.

l) Receivables

Receivables may include amounts for dividends, interest, and securities sold where settlement has not yet occurred. Dividends are accrued when the right to receive payment is established. Interest is accrued in accordance with the method outlined in note 3 (d). Amounts are generally received within 30 days of being recorded as receivables.

Collectability of trade receivables is reviewed on an ongoing basis. Debts which are known to be uncollectable are written off by reducing the carrying amount directly. An allowance account (provision for impairment of trade receivables) is used when there is objective evidence that the Fund will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments (more than 30 days overdue) are considered indicators that the trade receivable is impaired. The amount of the impairment allowance is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. Cash flows relating to short term receivables are not discounted if the effect of discounting is immaterial.

Notes to the Financial Statements**3. Significant accounting policies (continued)*****l) Receivables***

The amount of the impairment loss is recognised in profit or loss within other expenses. When a trade receivable for which an impairment allowance had been recognised becomes uncollectible in a subsequent period, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other expenses in profit or loss.

m) Applications and redemptions

Applications received for units in the Fund are recorded prior to the issue of units in the Fund. Redemptions from the Fund are recorded gross of any exit fees payable after the cancellation of units redeemed.

n) Net assets attributable to unitholders

Units are redeemable at the unitholders' option, however, applications and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unitholders. The units are classified as financial liabilities as the Fund is required to distribute its distributable income. The units can be put back to the Fund at any time for cash based on the redemption price. The fair value of redeemable units is measured at the redemption amount that is payable (based on the redemption unit price) at the end of the reporting period if unitholders exercised their right to redeem units in the Fund.

o) Critical accounting judgements and key sources of estimation uncertainty

Management has adhered to the Fund's unit pricing policy which sets out the basis upon which the units of the Fund have been valued, a copy of which is available upon request.

For all of the Fund's financial instruments, quoted market prices are readily available. Where valuation techniques (for example, pricing models) are used to determine fair values, they are validated and periodically reviewed by experienced personnel of the Responsible Entity, independent of the area that created them.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. The assumptions and methods used in the determination of the value of investments are outlined in note 5 of these financial statements.

p) Goods and services tax ("GST")

Revenues, expenses and assets are recognised net of the amount of GST except:

- where the amount of GST is not recoverable from the taxation authority, it is recognised as part of acquisition of an asset or part of an item of expense; or
- for receivables and payables which are recognised inclusive of GST.

The net amount of GST recoverable from, or payable to, the tax authority is included as part of receivables or payables. Cash flows are included in the Statement of Cash Flows on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

Notes to the Financial Statements

4. Financial Risk Management

The Fund's activities expose it to a variety of financial risks: market risk (including price risk, currency risk, and interest rate risk), credit risk and liquidity risk.

The Fund's overall risk management programme focuses on ensuring compliance with the Fund's Product Disclosure Statement. It also seeks to maximise the returns derived for the level of risk to which the Fund is exposed and seeks to minimise potential adverse effects on the Fund's financial performance.

All securities investments present a risk of loss of capital. The maximum loss of capital on long equity is limited to the fair value of those positions.

The management of these risks is carried out by the Investment Manager under policies approved by the directors of the Responsible Entity. The Fund uses different methods to measure different types of risk to which it is exposed. These methods are explained below.

a) Credit risk

The Fund is exposed to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when they fall due, causing a financial loss to the Fund.

The Fund is also exposed to counterparty credit risk on cash and cash equivalents, amounts due from brokers and other receivables.

In accordance with the Fund's policy, the Investment Manager monitors the Fund's credit position on an ongoing basis.

Concentrations of credit risk are minimised primarily by:

- ensuring counterparties, together with the respective credit limits, are approved; and
- ensuring that transactions are undertaken with a large number of counterparties.

There were no significant concentrations of credit risk to counterparties at 30 June 2018. The Fund only has a material credit risk exposure to the banks that holds the cash balances at 30 June 2018. Credit risk is mitigated by the Fund by investing their cash through Major Australian Banks.

The following table details the breakdown by credit rating of cash and cash equivalents held by the Fund:

	30 June 2018
	\$
AA-	9,759,185
A	8,598,221
	18,357,406

(i) Settlement of securities transactions

All transactions in listed securities are settled/paid for upon delivery using approved brokers. The risk of default is considered low, as delivery of securities sold is only made once the broker has received payment. Payment is made once purchase orders on the securities have been received by the broker. The trade will fail if either party fails to meet its obligations.

4. Financial Risk Management

b) Market risk

Market risk is the risk that the fair value of future cash flows will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices liquidity. Market risk is managed and monitored on an ongoing basis by the Investment Manager.

c) Currency risk

The Fund is exposed to currency risk as it invests in global equities. Should any dividends be paid in foreign currencies, they will be converted to Australian dollars. The table below summarises the Fund's exposure to foreign currencies.

	AUD	USD	EUR	GBP	CAD	CHF	Total

d) Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair value of financial instruments. The Fund's exposure to interest rate risk is set out in the following table:

	Floating interest rate \$	Fixed interest rate \$	Non- interest bearing \$	Total \$
30 June 2018				
Assets				
Cash and cash equivalents	18,357,406	-	-	18,357,406
Other assets	-	-	77,022	77,022
Financial assets held at fair value through profit or loss	-	-	64,398,287	64,398,287
Total assets	18,357,406	-	64,475,309	82,832,715
Liabilities				
Management fees payable	-	-	93,507	93,507
Performance fee payable	-	-	729,836	729,836
Payable for investments purchased	-	-	80,264	80,264
Total liabilities excluding net assets attributable to unitholders	-	-	903,607	903,607
Net exposure	18,357,406	-	63,571,702	81,929,108

The following table demonstrates the sensitivity of the Fund's net assets attributable to unitholders and operating profit to a reasonable change in interest rates, with all other variables constant. The 25 basis point sensitivity is based on a reasonable volatility of change in the AUD cash interest rate over the coming year. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market movements resulting from changes in the performance of and/or correlation between the performances of the economies, markets and securities in which the Fund invests. As a result, historic variations in risk variables should not be used to predict future variations in the risk variables.

	Change in basis points increase/(decrease)	Effect on operating profit and net assets attributable to unitholders (\$)
Period Ended 30 June 2018		
AUD interest rate	25bp/(25bp)	45,894/(45,894)

e) Price risk

The Fund is exposed to equity securities price risk.

Price risk is the risk that the fair value of investments decreases as a result of changes in market prices (other than those arising from interest rate risk), whether those changes are caused by factors specific to the individual stock or factors affecting all instruments in the market. Price risk is managed by monitoring compliance with established investment mandate limits. All securities present a risk of loss of capital. The maximum risk resulting from financial instruments is determined by the fair value of the financial instruments.

The Fund typically invests in 20 to 40 high conviction investments. This means the Fund may invest a relatively high percentage of its assets in a limited number of stocks, or in stocks in a limited number of sectors or industries, which may cause the value of the Fund's investments to be more affected by any single adverse economic, political or regulatory event than its benchmark.

Notes to the Financial Statements

4. Financial Risk Management (continued)

e) Price risk (continued)

The Fund will be exposed to companies with mid to large capitalisation. These companies may, from time to time and especially in falling markets, become less liquid and experience short-term price volatility.

As at 30 June 2018 a positive 10% sensitivity would have had an impact on the Fund's operating profit and net assets attributable to unitholders of \$6,439,829. A negative sensitivity would have an equal but opposite impact.

f) Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in raising funds to meet commitments associated with financial instruments.

In order to control the liquidity risk associated with its investments, the Fund conducts its investing activities in accordance with agreed guidelines to ensure a minimal concentration of risk.

The Fund is exposed to weekly cash redemptions of its units. Its policy is therefore to hold investments that are traded in an active market and can be readily disposed.

The Fund's listed securities are considered readily realisable, as they are listed on global Stock Exchanges.

In order to manage the Fund's overall liquidity, the Responsible Entity has the discretion to reject an application for units and to defer or adjust redemption of units if the exercise of such discretion is in the best interests of unitholders. The Fund did not reject or withhold any redemption during the period ended 30 June 2018.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period from 30 June 2018 to the contractual maturity date. Units are redeemed on demand at the unitholder's option. However, the directors do not envisage that the contractual maturity disclosed in the table below will be representative of the actual cash outflows, as holders of these instruments typically retain them for the medium to long term.

	30 June 2018						Total
	On demand	< 1 month	1-3 months	3-6 months	6-12 months	> 12 months	
Liabilities	\$	\$	\$	\$	\$	\$	\$
Management fees payable	-	93,507	-	-	-	-	93,507
Performance fee payable	-	729,836	-	-	-	-	729,836
Payable for investments purchased	-	80,264	-	-	-	-	80,264
Net assets attributable to unitholders	81,929,108	-	-	-	-	-	81,929,108
Total liabilities	81,929,108	903,607	-	-	-	-	82,832,715

The amounts in the table are the contractual undiscounted cash flows. Balances equal their carrying balances, as the impact of discounting is not significant.

5. Investments in Financial Instruments

a) Financial assets held at fair value through profit or loss

	30 June 2018
	\$
Designated at fair value through profit or loss	
Investments in listed equities	64,398,287
Total equity securities	64,398,287
Total financial assets held at fair value through profit or loss	64,398,287

b) Fair Value Hierarchy

The Fund measures and recognises financial assets and liabilities held at fair value through profit or loss on a recurring basis. The Fund has no assets and liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

Level 1:

Financial instruments are valued by reference to quoted prices in an active market(s) for identical assets or liabilities. These quoted prices represent actual and regularly occurring market transactions on an arm's length basis.

Level 2:

Financial instruments are valued using inputs other than quoted prices covered in Level 1. These other inputs include quoted prices that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices). The inputs included in this level encompass quoted prices in active markets for similar assets or liabilities, quoted prices in markets in which there are few transactions for identical or similar assets or liabilities. Financial instruments that are valued using other inputs that are not quoted prices but are observable for the assets or liabilities also fall into this categorisation.

Level 3:

Financial instruments that have been valued, in whole or in part, by using valuation techniques or models that are based on unobservable inputs that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Unobservable valuation inputs are determined based on the best information available, which might include the entity's own data, reflecting its assumptions as well as best practices carried out or undertaken by other market participants. These valuation techniques are used to the extent that observable inputs are not available.

b) Fair Value Hierarchy (continued)

The following table shows an analysis of financial instruments held at 30 June 2018 recorded at fair value and presented by level of the fair value hierarchy:

	30 June 2018			Total \$
	Level 1 \$	Level 2 \$	Level 3 \$	
Financial assets				
Investments in equity securities	64,398,287	-	-	64,398,287
Total financial assets held at fair value through profit or loss	64,398,287	-	-	64,398,287

Transfer between levels

There have been no transfers between levels for the period 6 October 2017 to 30 June 2018.

c) Disclosed fair values

For all financial instruments other than those measured at fair value their carrying value approximates fair value.

6. Net gains/(losses) on financial instruments held at fair value through profit or loss

	Period from 6 October 2017 to 30 June 2018 \$
Unrealised gains on financial instruments designated at fair value through profit or loss	8,288,856
Realised gains/(losses) on financial instruments designated at fair value through profit or loss	-
Net gains on financial Instruments designated at fair value through profit or loss	8,288,856

7. Net Assets Attributable to Unitholders

Movements in the number of units and net assets attributable to unitholders during the period were as follows:

	Period from 6 October 2017 to 30 June 2018	
	No. of Units	\$
Institutional Class		
Opening balance	-	-
Applications for units by unitholders	76,251,554	76,437,998
Redemption for units by unitholders	(768,419)	(785,946)
Increase in net assets attributable to unitholders	-	6,277,056
Closing balance	75,483,135	81,929,108

As stipulated within the Fund's Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right in the underlying assets of the Fund.

There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Fund.

Notes to the Financial Statements
8. Distributions to Unitholders

The Fund expects to make distributions on an annual basis. Subject to the Constitution, distributions (if any) will generally be paid within three months of 30 June. Distributions are expected but not guaranteed.

At 30 June 2018, the Fund made no distribution to unitholders.

9. Other Assets

Notes to the Financial Statements

11. Auditor's Remuneration

The auditor of the Fund is Crowe Horwath Sydney. Auditor's remuneration for the year ended 30 June 2018 will be paid out of the Management Fee:

	Period from 6 October 2017 to 30 June 2018 \$
Audit and other assurance services:	
Audit and review of financial statements	8,500
Total remuneration for audit and other assurance services	8,500

12. Related Party Transactions

The responsible entity of the Fund is OMIFL.

a) Management fees paid and payable to the Investment Manager

Management fees are the fees charged by the Investment Manager to provide investment management services to the Fund.

The Investment Manager charges 1.3% per annum (inclusive of GST and less any reduced input tax credits) of the gross value of the Fund's assets. For the financial period ended 30 June 2018, the management fees expenses incurred by the Fund were \$539,439 of which \$93,507 was payable at year end.

b) Performance fees paid and payable to the Investment Manager

Performance fees are fees payable to the Investment Manager when the Fund's return exceeds the benchmark and high watermark.

The performance fee amount is calculated as 15% of the lower of:

- (a) The amount by which the percentage change in the net asset value per unit in the Fund over the performance period (plus any distributions paid during the performance period) exceeds the percentage change in the benchmark over the performance period, multiplied by the net asset value per unit; and
- (b) The amount by which the net asset value per unit (plus any distributions paid during the performance period) as at the last valuation time of the relevant performance period exceeds the high watermark,

multiplied by the number of units on issue as at the last valuation time of the relevant performance period.

For the financial period ended 30 June 2018, the performance fees incurred by the Fund and payable at year end were \$680,075.

(i) Other fees paid to related parties

The Responsible Entity has appointed third party service providers to the Fund, some of whom are related parties of the Responsible Entity. The following entities, which are related parties of the Responsible Entity, have provided services to the Fund during the financial period ended 30 June 2018:

One Registry Services Pty Limited (ACN 141 757 360) – unit registry services.

OMIFL also acts as custodian for the Fund and receives a fee for doing so.

None of the above has received any remuneration directly from the Fund in relation to these services and they are remunerated out of the Management Fee. To the extent there is a shortfall to these expenses, they will be paid by the Investment Manager.
