#### Important Information

The Product Disclosure Statement (PDS) contains a summary of the significant information in relation to the Charter Hall Maxim Property Securities Fund ARSN 116 193 563 (Fund). It also includes references to additional important information (all of which forms part of this PDS) contained in the document titled 'Additional Information Booklet' (AIB) that can be obtained at no cost by calling One Managed Investment Funds Limited on 02 8277 0000 or by downloading it from the website [www.oneinvestment.com.au/charterhallmaxim](http://www.oneinvestment.com.au/charterhallmaxim) or [www.charterhall.com.au/maxim](http://www.charterhall.com.au/maxim). You should read both the PDS and the AIB before making a decision about whether to invest in the Fund.

The information provided in this PDS and the AIB is general in nature and does not take into account your personal financial situation or needs. You should seek independent financial advice tailored to your own needs before making a decision about whether to invest in the Fund.

All dollar amounts are in Australian dollars unless otherwise indicated. The PDS does not constitute an offer or invitation in any jurisdiction other than in Australia or New Zealand and the offer under the PDS may only be accepted in Australia and New Zealand. Applications from outside Australia or New Zealand will not be accepted through the PDS.

Capitalised terms used in this document have the same meaning given to those terms in the Glossary set out at the end of this PDS.

## 1. About One Managed Investment Funds Limited

### The Responsible Entity

One Managed Investment Funds Limited (**OMIFL**) is the responsible entity of the Fund and is the holder of AFSL 297042 issued by ASIC. OMIFL has extensive experience as a corporate trustee and custodian, and is a professional responsible entity operating numerous managed investment schemes.

OMIFL is the issuer of this PDS and of the Units. OMIFL's role is to manage and administer the Fund in accordance with the Constitution and the Corporations Act in the interests of Investors. OMIFL also holds the assets of the Fund on trust for Investors.

### The Investment Manager

OMIFL has appointed Charter Hall Property Securities Management Limited (**Charter Hall Maxim**) as the Investment Manager for the Fund. Charter Hall Maxim holds AFSL 238349 issued by ASIC. As the Investment Manager, Charter Hall Maxim is responsible for managing the investments of the Fund.

Charter Hall Maxim is a subsidiary of Charter Hall Group (ASX: CHC), one of Australia's leading fully integrated property groups, managing high quality property on behalf of institutional, wholesale and retail clients. The Group uses its property expertise to access, deploy, manage and invest equity in its core real estate sectors — office, retail, industrial and social infrastructure — to create value and generate superior returns for its customers.

Please see Section 5 of this PDS for more information.

## 2. How the Charter Hall Maxim Property Securities Fund Works

### Structure of the Fund

The Fund is registered as a managed investment scheme under the Corporations Act and is structured as a unit trust.

Investors' funds are pooled and managed in accordance with a set objective and strategy. As an Investor, you have a fixed beneficial interest in the assets of the Fund calculated as the proportion your Unit holding in relation to all of the Units in the Fund which have been issued. You do not however have a right to demand that any particular assets of the Fund be transferred to you.

ASIC has a website [www.moneysmart.gov.au](http://www.moneysmart.gov.au) that has more information on managed investment schemes.

### Prices of your Units

When you invest in the Fund you will be issued Units at the prevailing issue price. When you withdraw from the Fund your Units are redeemed at the prevailing withdrawal price. The issue price and the withdrawal price of Units are determined on each Business Day. In summary, the price per Unit is determined by dividing the net asset value of the Fund by the number of Units on issue. The Unit price may

therefore be influenced by movements in the value of the Fund's Investments at a particular point in time. In other words, the Unit price may vary as the market value of the Fund's Investments rises and falls.

When buying or redeeming Units, the Unit issue or withdrawal price you pay or receive will also be adjusted on account of the buy/sell spread. The buy/sell spread is an adjustment which takes into account any buying and selling costs associated with the underlying assets of the Fund (e.g. brokerage). See Section 6 for further information.

For a copy of OMIFL's Unit Pricing Policy, please contact OMIFL. Unit prices will be displayed on Charter Hall Maxim's website – [www.charterhall.com.au/maxim](http://www.charterhall.com.au/maxim).

### Minimum Investment

For Australian investors, the minimum investment you may make in the Fund is \$5,000. Subsequently, amounts in addition to this minimum investment may be contributed in amounts of no less than \$100.

For New Zealand investors, the minimum investment you may make in the Fund is \$20,000, subsequent amounts in addition to this minimum investment may be contributed in amounts of no less than \$1,000.

The number of Units issued to you when you make an investment will be calculated by dividing the amount you invest by the applicable application price.

### Applications

When making your initial application you must complete an Application Form which accompanies this PDS and can be found at [www.charterhall.com.au/maxim](http://www.charterhall.com.au/maxim) or [www.oneinvestment.com.au/charterhallmaxim](http://www.oneinvestment.com.au/charterhallmaxim). See Section 8 on how to apply. You can increase your investment at any time by making an application for additional Units. OMIFL reserves the right to accept or reject any application for Units.

Applications will only be processed on Business Days. The cut-off time each Business Day for receiving applications is 2.00pm Sydney time. Completed applications received before the cut-off time will be processed using the issue price on that day. Applications received after that time, or on a non-Business Day, will be taken to have been received before the cut-off time on the next Business Day and will be processed using the issue price on that day.

Direct applications will not be considered "completed applications" and will not be processed until all required documentation is received (including any requested AML/CTF documentation).

Confirmation of an investment will normally be issued within 5 Business Days after the application is processed.

### Withdrawals

The Fund is managed with the intention of generating returns over the medium to long-term. Charter Hall Maxim recommends that you keep your investment in the Fund for a minimum period of 3 years.

When the Fund is 'liquid' (as defined in the Corporations Act), you may make withdrawal requests for all or part of your investment in accordance with the procedure set out in the Constitution.

A withdrawal request may be made by submitting a written request to redeem all or part of your Units to the Administrator. Withdrawals will only be processed on Business Days. Withdrawal requests received before 2.00pm Sydney time on a Business Day will generally be processed using the withdrawal price applicable for that day. Withdrawal requests received after that time, or on a non-Business Day, will generally be processed using the withdrawal price applicable for the next Business Day and will be processed using the withdrawal price on that day.

Withdrawal proceeds are usually paid within 7 days after the withdrawal request is received and are paid by direct credit to your nominated Australian or New Zealand financial institution account.

### Restrictions on Withdrawals

In certain circumstances, such as a suspension on withdrawals or where the Fund is 'non-liquid' (as defined in the Corporations Act), you may have to wait a longer period of time before you can redeem your investment. Circumstances where OMIFL may suspend withdrawals (for up to 120 days) in accordance with the Constitution include:

- (a) where it is impracticable to determine the withdrawal price;
- (b) where satisfaction of all withdrawal requests would involve realisation of a significant amount of the Fund's Investments;
- (c) where OMIFL reasonably considers it is in the best interests of Investors; or
- (d) the law otherwise permits.

### Income Distributions

The distributable income payable to Investors is generated from the net earnings of the Fund.

All distributable income to which you would otherwise be entitled will be automatically reinvested into the Fund on your behalf (and additional Units will be issued to you in consideration for this reinvestment), unless you give us written notice that your income entitlement, or any part of that income entitlement, is to be paid to you. Investors should be aware that there may be tax implications associated with the reinvestment of your income entitlement. Investors should obtain professional tax advice on this issue before investing in the Fund and make their own arrangements for any tax liabilities that arise.

Your entitlement to distributable income is calculated quarterly based on your Unit holding in the Fund as at the final day of each Distribution Period and on the winding up of the Fund. Units issued for reinvested distributions will be issued at the Unit price prevailing on the day after the relevant Distribution Period. No buy spread applies to Units issued to you as a result of reinvestment of your income entitlement. Income (if any) to which you are entitled to be paid will normally be paid to you within 20 Business Days after the distribution date or when possible following the

winding up of the Fund.

Your entitlement to distributable income is calculated by determining the income of the Fund for the period after allowing for all expenses incurred by the Fund; and dividing the total distributable income for that period by the number of Units on issue on that day to determine the income per Unit; and then multiplying the income per Unit by the number of Units you hold.

Investors should be aware that an investment in the Fund carries the risk that you may lose some or all of your investment (see Section 4 of this PDS).

### Changes to Fund Details

OMIFL has the right to make changes to the Fund at any time, and in some cases without prior notice. This could include closing or terminating the Fund, changing the Fund's Investment Manager, amending its investment parameters, including the investment objective and strategy, or changing the asset class allocation ranges and currency strategy (if applicable). We will inform you about any material change to the Fund's details in your next regular communication or as otherwise required by law.

You should read the important additional information about how the Fund works in the Additional Information Booklet before making a decision to invest. Go to the 'Additional Information Booklet' available from the Website; in particular, Section 2. The material relating to how the Fund works may change between the time when you read this PDS and the day when you acquire the product.

## 3. Benefits of Investing in the Charter Hall Maxim Property Securities Fund

### Significant Features

The Fund invests in an actively managed and diversified portfolio of predominantly Australian listed real estate investment trusts (A-REITs) and property related securities. The Fund also has the ability to invest up to 10% of the Fund's assets in international listed property securities as well as up to 10% in cash.

The Fund will not invest in derivatives (including for the purpose of hedging), sell short, or borrow money to invest.

### Significant Benefits

An investment in the Fund offers the following significant benefits:

- **access to a high conviction active investment strategy**, with focused research and investment processes, that seek to provide higher returns with lower volatility than the market by building a portfolio based on individual merit and not by benchmark weights;
- **access to the extensive experience of Charter Hall Maxim** to manage the Fund's investments as well as access to Charter Hall's direct property experience;
- **exposure to property** as the Fund provides access to a

diversified portfolio of quality ASX listed property securities which own office, retail, industrial, residential and property related social infrastructure assets;

- a **capacity limit** of 1.0% of the market capitalisation of the S&P/ASX 300 A-REIT Index to enable the Fund to take active positions in smaller securities and allow more efficient management of re-weightings between individual securities; and
- **quarterly distributions** which can be reinvested in the Fund or can be paid to your nominated Australian or New Zealand financial institution account.

#### 4. Risks of Managed Investment Schemes

All investments carry risk. Managed investment schemes may invest in a range of asset classes, for example, cash, bonds, equities and property, each of which offer different levels of risk. The likely investment return, and the level of risk of losing money, differs among managed investment schemes depending on the underlying strategy and mix of assets. Typically, those assets with the highest potential long-term return also have the highest level of short-term risk.

When considering investing in any managed investment scheme, it is important to understand that:

- (a) the value of your investment will likely go up and down;
- (b) returns are not guaranteed;
- (c) you may lose some or all of your money;
- (d) the level of returns will vary, and past performance and returns are not an accurate predictor of future performance and returns;
- (e) laws affecting your investment in a registered managed investment scheme may change; and
- (f) the appropriate level of risk for you will depend on a range of factors including your age, investment time frame, where other parts of your wealth are invested and how tolerant you are to the possibility of losing some of your money.

When deciding whether to invest in the Fund, you must decide whether, given the speculative nature of trading undertaken by Charter Hall Maxim and the Fund's underlying investments, your financial situation permits you to participate in an investment that involves a high degree of risk. You may lose a substantial portion or even all of the money you invest in the Fund.

Risk can be managed but it cannot be completely eliminated. Some of the significant risks of an investment in the Fund are:

- (a) **Market risk:** The risk that the market price of an asset will fluctuate as a result of factors such as economic conditions, government regulations, market sentiment, local and international political events and environmental and technological issues. Market risks may have different impacts on each type of asset, investment style and investor.
- (b) **Security specific risk:** The risk associated with an

individual asset. The price of any securities invested in by the Fund may be affected by unexpected changes in a particular entity's operations such as changes in management, the loss of a significant customer or tenant or a change in the income or the value of the assets in which they invest.

- (c) **Liquidity risk:** The risk that an investment may not be easily converted into cash with little or no loss of capital and minimum delay. This may cause a delay or freeze in processing withdrawal requests.
- (d) **Interest rate risk:** Changes in interest rates can have a positive or a negative impact directly or indirectly on investment values and/or returns on securities in which the Fund invests.
- (e) **International investing risk:** The risks of investing internationally include adverse currency fluctuations, potential political and economic instability affecting overseas markets, limited liquidity and volatile prices of international investments and repatriation of funds. It is not our intention to hedge the foreign currency exposure of the Fund arising from investments in overseas markets. Further, the Australian entities in which the Fund invests may have investments overseas which also exposes these Fund investments to these international investing risks.
- (f) **Manager risk:** The financial performance of the Fund depends primarily on the level of skill and performance of Charter Hall Maxim and the successful implementation of the investment strategy. There is a risk that Charter Hall Maxim may make poor investment decisions or that its investment methods are inappropriate or incorrect resulting in poor or nil returns.
- (g) **Fund risk:** Risks specific to the Fund include the risk that the Fund could terminate and that the fees and costs payable by the Fund could change. There is also a risk that investing in the Fund may give different results than investing directly because of income or capital gains accrued in the Fund and the consequences of investments and withdrawals by other investors.

#### 5. How We Invest Your Money

**You should consider the Fund's investment objective, the Fund's likely investment return, risk level, your individual circumstances and your time frame before choosing to invest in the Fund.**

##### Description of the Fund

The Fund will give you exposure to a varying mix of listed A-REITs across but not limited to the retail, residential, commercial, hotel, industrial and real estate related social infrastructure sectors. The Fund may also invest in a selected range of other assets including listed property related securities, international listed property securities, cash and fixed interest. Charter Hall Maxim will make decisions about buying and selling investments of the Fund daily (often called active management), selecting individual investments and also changing the mix of the types of investments.

## Investment Return Objective

The aim of the Fund is to outperform the S&P/ASX 300 A-REIT Accumulation Index by 1.5% p.a. over rolling 3 year periods whilst also aiming to achieve a balance between growth in the value of your Units as well as income from your investment. The returns from the Fund are not guaranteed.

## Investment Strategy

Charter Hall Maxim utilises a disciplined investment process combining in-depth fundamental research with portfolio construction and risk controls with the aim to add consistent value over time. The basic premise of Charter Hall Maxim's investment philosophy is that there is a close relationship between the property market cycle and the economic cycle.

Having regard to what is happening in the Australian economy, Charter Hall Maxim expects that some of the property sub-sectors (e.g. commercial, industrial and retail) are likely to offer better value than others. Accordingly, Charter Hall Maxim's top down research focuses on identifying those sub-sectors which are likely to add value.

At the security level, quantitative and qualitative factors are utilised to identify listed property securities which:

- have clearly focused management teams;
- have quality assets;
- are appropriately valued;
- have sustainable earnings and distribution growth; and
- have an appropriate corporate and capital structure.

Charter Hall Maxim will actively adjust the investment mix within the investment guideline ranges below. The "target" position is the start position for formulating the portfolio structure. Generally speaking, the target position is intended to be the investment mix of the Fund.

	Min	Max	Target
Australian Listed A-REITs and Listed Property Developers and Managers	80%	100%	95%
International Listed REITs	0%	10%	0%
Cash and Fixed Interest	0%	10%	5%

The investment mix can change within the above ranges significantly and sometimes quickly. Market movements, cash flows and changes in the nature of an investment amongst other things may cause the investment mix of the Fund to move outside the above investment guideline ranges. If this occurs, Charter Hall Maxim will seek to rectify the position as soon as reasonably practicable and the temporary variance will not constitute a breach of the Fund's investment guidelines. Sometimes Charter Hall Maxim may make investments through other funds and entities.

## Risk Level

Medium, when an investment in the Fund is held for at least 3 years. The risk of loss over the short term (less than 3 years) is high when compared to managed investment schemes invested in asset classes such as cash or fixed interest securities. However, the Fund aims to produce more favourable returns with lower than associated market volatility for periods of time over the medium to long term than cash or fixed interest securities, which is why the minimum suggested timeframe for an investment in the Fund is at least 3 years.

You should read the important additional information about how we invest your money in the Additional Information Booklet before making a decision to invest. Go to the 'Additional Information Booklet' available from the Website; in particular, Section 5. The material relating to how we invest your money may change between the time when you read this PDS and the day when you acquire the product.

## 6. Fees and Costs

### Did You Know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the Fund or your financial adviser.

### To Find Out More

If you would like to find out more, or see the impact of the fees based on your circumstances, the Australian Securities and Investments Commission (ASIC) website ([www.moneysmart.gov.au](http://www.moneysmart.gov.au)) has a managed investment fee calculator to help you check out the different fee options.

The following table shows fees and other costs that you may be charged. These fees and costs may be deducted from the money you invest, from the returns on your investment or from the Fund's assets as a whole. The fees set out in the following table show the effect of GST (i.e. inclusive of GST less the available reduced input tax credits (RITC)). You should read all the information about fees and costs as it is important to understand their impact on your investment. The information in the table may be used to compare costs between different simple managed investment schemes.

Type of Fee or Cost	Amount
<b>Fees when your money moves in or out of the Fund</b>	
Establishment fee	Nil
Contribution fee	Nil
Withdrawal fee	Nil
Exit fee	Nil
<b>Management costs*</b>	
The fees and costs of managing your investment	<p>The management fee is payable out of the Fund's assets to the Investment Manager as follows:</p> <ul style="list-style-type: none"> <li>• 0.95% p.a. of the gross asset value of the Fund up to and including \$50 million; plus</li> <li>• 0.85% p.a. of the gross asset value of the Fund in excess of \$50 million.</li> </ul> <p>This fee is payable to the Investment Manager.</p>
Ordinary Expenses	Currently the Investment Manager will cover all ordinary expenses of the Fund including the Responsible Entity fee and the custody fee from its Management Fee.
Indirect Costs	Estimated to be 0% p.a. of the Net Asset Value of the Fund.

### Example of Annual Fees and Costs for the Fund

This table gives an example of how the fees and costs of the Fund can affect your investment over a one year period. You can use this table to compare this product with other managed investment products.

Example – Charter Hall Maxim Property Securities Fund		Balance of \$50,000 with a contribution of \$5,000 during a year.
Contribution fees	Nil	You will not be charged.
<b>PLUS Management Costs*</b>	0.95% p.a. of the net asset value of the Fund	And, for every \$50,000 you have in the Fund, you will be charged \$475 each year.**
<b>EQUALS cost of Fund</b>		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of \$475 to \$523 for that year** depending on the time of the year that you made the additional investment.

Please note that this example does not capture all of the costs and fees that may apply to you - for example it does not take into account the buy/sell spread.

\* Unless otherwise stated all fees and costs are quoted inclusive of GST and net of any RITC as applicable. Where available, the RITC rate is currently 55% or 75%, depending on the nature of the fee or costs incurred. Due to the impact of GST and RITC calculations, actual fees may vary slightly from those stated, which may be rounded to two decimal places.

\*\* The management costs in the above table equate to 0.95% p.a. of the net asset value of the Fund and are based on:

1. there being no borrowings in the Fund; and
2. the costs for the previous financial year (FY18) and may not be indicative of future management costs.

The management costs may change from year to year. By way of example, if the average net asset value of the Fund were \$100 million in any one year, the management cost would be 0.90% p.a. If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of \$450 to \$495 for that year depending on the time of the year that you made the additional investment.

### Changes to Fees or Costs

The fees and costs as set out above may change, without your consent, subject to the maximum limits specified in the Constitution. Reasons might include changing economic conditions and changes in regulation. Investors will be advised of any increase to fees and costs at least 30 days prior to the changes taking effect, allowing time for a withdrawal option to be executed if desired.

### Fees Paid to a Financial Adviser

If you have a financial adviser, then you may also have to pay additional fees to your adviser. Details of those fees should be set out in the Statement of Advice given to you by your adviser.

You should read the important additional information about the fees and costs in the Additional Information Booklet before making a decision to invest. Go to the 'Additional Information Booklet' available from the Website; in particular, Section 6. The material relating to fees and costs may change between the time when you read this PDS and the day when you acquire the product.

## 7. How Managed Investment Schemes Are Taxed

Your investment in a managed investment scheme is likely to have tax consequences and we strongly advise you to seek professional advice before investing in the Fund.

The Fund will typically operate so that all taxable income each year is taxable to Investors so the Fund is not required to pay tax on behalf of Investors (other than certain withholdings – e.g. amounts attributable to non-residents). As an Investor you will be assessed for your share of any tax

on any income and capital gains generated by the Fund, even if your income entitlement is not paid to you but reinvested back into the Fund. In normal circumstances, you should expect that some income and/or capital gains will be generated each year. Tax may also be payable on withdrawals, tax deferred distributions (for example, where non-taxable income distributions are made in excess of the cost base in a Unit) and on disposals of Units. The Fund will not pay tax on behalf of Investors (other than certain withholdings – e.g. amounts attributable to non-residents). The issue and redemption of Units in the Fund should not be subject to GST.

You will be issued with a taxation statement annually which sets out relevant taxation information to help you complete your tax return.

Please refer to Additional Information Booklet for New Zealand tax considerations.

You should read the important additional information about taxation in the Additional Information Booklet before making a decision to invest. Go to the 'Additional Information Booklet' available from the Website; in particular, Section 7. The material relating to the taxation treatment of your investment may change between the time when you read this PDS and the day when you acquire the product.

## 8. How To Apply

In order to apply, you must:

- Read this PDS and the Additional Information Booklet in their entirety. Both documents are available at [www.oneinvestment.com.au/charterhallmaxim](http://www.oneinvestment.com.au/charterhallmaxim) and [www.charterhall.com.au/maxim](http://www.charterhall.com.au/maxim) or by calling OMIFL on 02 8277 0000.
- Seek independent financial advice tailored to your own needs before making a decision about whether this investment is suitable to your financial situation and needs, and consider all the risk factors set out in Section 4.
- Read the application booklet and complete the Application Form available at [www.charterhall.com.au/maxim](http://www.charterhall.com.au/maxim) and [www.oneinvestment.com.au/charterhallmaxim](http://www.oneinvestment.com.au/charterhallmaxim) or by calling OMIFL on 02 8277 0000.
- Australian investors may invest a minimum of \$5,000 and New Zealand investors may invest a minimum of \$20,000 in the Fund. See Section 2 of this PDS for the calculation of Unit pricing.
- Send your Application Form and investment amount to us via the address on that form.

Please note that as part of the application process we are required by law to verify your identity before accepting your application. Please refer to the Anti-Money Laundering and Counter-Terrorism Financing Act information in the application booklet which can be accessed on the OMIFL and the Charter Hall Maxim websites.

## Cooling-off Period

A 14-day cooling-off period applies to your investment. Your cooling-off period commences on the earlier of the date on which you receive confirmation of your investment in the Fund and the end of the fifth day after we issue your Units to you.

If you notify us of your wish to withdraw your investment in writing during your cooling-off period, then we will return your money to you and no fees will apply. However, if your Units have already been issued to you, then they will be redeemed at the Unit price on the day of the redemption which may be different (higher or lower) to the price which they were issued. There may also be some tax consequences which arose during the holding period (however brief).

## Complaints

We take complaints seriously and aim to resolve them as quickly as possible. In the first instance, if you have a complaint, then you should notify us immediately on 02 8277 0000 or email [complaints@oneasset.com.au](mailto:complaints@oneasset.com.au).

If you are not satisfied with our response to your complaint, you may wish to lodge a complaint to AFCA which can be contacted toll free on 1800 931 678, via email [info@afca.org.au](mailto:info@afca.org.au) or GPO Box 3 Melbourne VIC 3000. You can also visit its website at [www.afca.org.au](http://www.afca.org.au) for further information.

## 9. Additional Information

### Continuous Disclosure

The Fund is, at the date of this PDS, a disclosing entity (as provided in the Corporations Act) and is subject to regular reporting and disclosure obligations. Copies of documents lodged with ASIC in relation to the Fund may be obtained from, or inspected at, an ASIC Office. At all times during which the Fund is a disclosing entity, OMIFL will comply with its obligations under the Corporations Act and ASIC's good practice guidance in satisfying its continuous disclosure obligations via website notices. Information and continuous disclosure notices for the Fund will be available by going to [www.oneinvestment.com.au/charterhallmaxim](http://www.oneinvestment.com.au/charterhallmaxim). In addition, Investors will have the right to obtain a copy of the following documents:

- the annual financial report most recently lodged with ASIC by OMIFL;
- the half yearly financial report lodged with ASIC after the lodgment of that annual financial report and before the date of this PDS; and
- any continuous disclosure notices given by the Fund after the lodgment of that annual financial report and before the date of this PDS.

You should read the important additional information in the Additional Information Booklet before making a decision to invest. Go to the 'Additional Information Booklet' available from the Website; in particular, Section 9. The material relating to your investment in the Fund may change between the time when you read this PDS and the day when you acquire the product.

## New Zealand Investors

If you are a New Zealand Investor, the Responsible Entity is required to provide additional information to you under New Zealand law. Please see the Additional Information Booklet for more information.

## 10. Glossary

The following terms used in this PDS have the meanings set out below:

**Administrator** – Mainstream Fund Services Pty Ltd  
ABN 81 118 902 891

**AFSL** – Australian Financial Services Licence

**Application Form** – An application form for the Fund which is available in the application booklet which accompanies the PDS on the websites at [www.charterhall.com.au/maxim](http://www.charterhall.com.au/maxim) and [www.oneinvestment.com.au/charterhallmaxim](http://www.oneinvestment.com.au/charterhallmaxim)

**AFCA** - The Australian Financial Complaints Authority

**A-REIT** – Australian Real Estate Investment Trust listed on the ASX

**ASIC** – The Australian Securities and Investments Commission

**ASX** – ASX Limited ACN 008 624 691 or the market operated by it, as the context requires

**Business Day** – A day on which banks are open for business in Sydney, excluding Saturday, Sunday or public holidays

**Charter Hall Group** – Charter Hall and its related entities

**Charter Hall Maxim or Investment Manager** – Charter Hall Property Securities Management Limited ABN 25 104 512 978, AFSL 238349

**Constitution** – The constitution of the Fund dated 5 August 2005 as amended or replaced from time to time

**Compliance Plan** – The compliance plan for the Fund as amended from time to time

**Corporations Act** – Corporations Act 2001 (Cth) and Corporations Regulations 2001 (Cth), as amended from time to time

**Distribution Period** – Has the meaning given in the Constitution, being each quarter ending on 31 March, 30 June, 30 September and 31 December each year
