### Changes in State of Affairs

The coronavirus, COVID-19, was first identified as a new, highly contagious virus in December 2019. The World Health Organisation declared a global pandemic in March 2020 and as at the date of these financial statements, COVID-19 remains prevalent throughout the world, including Australia. COVID-19 has caused unprecedented disruption to populations, businesses and general economic activity. As the situation evolves, it continues to have significant impacts on investment funds and their trustees and managers, both directly and indirectly.

There is an increased level of global uncertainty associated with the conflict in Ukraine. The impacts of the Ukraine conflict are not yet known but are likely to result in increased market and economic volatility, which may in turn have an impact on the Fund.

As these situations are continuing, the Investment Manager has been monitoring both the valuation of the Fund's assets and the Fund's liquidity and is in close contact with service providers in assessing the ongoing operations, liquidity, and the basis of the values and estimates reported. In these circumstances, there is uncertainty around valuations. The Investment Manager will continue to closely monitor market situations to ensure that valuations remain appropriate. The Investment Manager will provide resources and updates where necessary to provide informed guidance for investors during this continuing environment.

In the opinion of the directors of the Responsible Entity there were no other significant changes in the state of affairs of the Fund that occurred during the Half year under review.

### Events Subsequent to Balance Date

No significant events have occurred since the end of the half-year which would impact on the financial position of the Fund as disclosed in the Statement of Financial Position as at 31 December 2022 or on the results and cash flows of the Fund for the half-year ended on that date.

### Auditor's Independence Declaration

A copy of the auditor's independence declaration as required under Section 307C of the *Corporations Act 2001* is included at page 4.

## **2 Summary of Significant Accounting Policies**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all periods presented unless otherwise stated.

### **(a) Statement of Compliance**

This interim financial report is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 '*Interim Financial Reporting*'. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 '*Interim Financial Reporting*'. This interim report does not include all the notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual financial report.

### **(b) Basis of Preparation**

This general purpose interim financial report has been prepared using historical cost convention, except for the revaluation of investments in financial assets and liabilities, which have been measured at fair value.

The interim report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2022 and any public announcements made by the Fund during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The accounting policies and methods of computation adopted in the preparation of the interim financial report are consistent with those adopted and disclosed in the Fund's annual financial report for the financial year ended 30 June 2022.

### **(c) New and amended standards adopted by the Fund**

A number of new or amended standards became applicable for the current reporting period. The Fund did not have to change its accounting policies or make retrospective adjustments as a result of adopting these standards.

### **(d) Going concern**

This financial report has been prepared on going concern basis.

### **(e) Comparative revisions**

Comparative information has been revised where appropriate to enhance comparability. Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current period.

## **3 Net Assets Attributable to Unitholders**

AASB 132 *Financial Instruments: Presentation* requires certain puttable instruments to be classified as equity if certain strict criteria are met. The Fund classifies net assets attributable to unit holders as equity from the date when the instrument has all the features and meets the conditions set out in the relevant accounting standard.

### 3 Net Assets Attributable to Unitholders (continued)

Movements in the number of units and net assets attributable to unitholders during the reporting period were as follows:

As stipulated within the Fund's Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right in the underlying assets of the Fund.

There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Fund.

Units are redeemed on request at the unitholder's option. However, it is recommended that unitholders retain their unitholding for the medium to long term. As such, the amount expected to be settled within twelve months after the end of the reporting period cannot be reliably determined.

#### Capital risk management

The Fund manages its net assets attributable to unitholders as capital. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Fund is subject to daily applications and redemptions at the discretion of unitholders.

Liability limited by a scheme approved under Professional Standards Legislation.

the interim financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Registered Scheme's financial position as at 31 December 2022 and of its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
